## WARNER ELECTED SENATOR.

The Senatorial Deadlock Finally Broken.

After taking 66 ballots in a futile effort to elect a United States Senator the legislature on last Saturday ten minutes before adjournment and on the 67th ballot elected Major William Warner of Kansas City. At 2:00 o'clock R. C. Kerens who had the situation well in hand, made a speech in which he called attention to his record as a worker in the party, stating that he wanted a Republican elected to the United States Senate and ended up by withdrawing in favor of Major Warner and wishing him God-speed.

Major Warner is the present district attorney for the western district of Missouri. In 1892 he was the Republican nominee for governor, but was defeated by W. J. Stone, who will now be his colleague in the senate.

The vote was as follows:  
Major Warner.....91  
Cockrell.....83  
Niedringhaus.....1

Total.....175  
Necessary to a choice, 88.

My line of cakes are always fresh

Mr. Eugene E. Lucas died at St. Louis on the 21st inst., of consumption. Mr. Lucas is well remembered in this city, where he formerly was engaged in several enterprises. He was born and raised near High Hill where he resided until he came here. He was 50 years old and leaves a widow and two married daughters.

Mr. and Mrs. S. McClure of Price's Branch celebrated their 50th anniversary of their marriage on Monday, March 20, 1905. On account of ill health there were present only members of the family and a few near neighbors. A splendid dinner was served to which all did ample justice. Several tokens of remembrance were received, also letters of congratulations from absent friends. All wish for this happy, aged couple, many more anniversary days.

Mr. John Old-Timer Has Bought the Park Valley Stock Farm.

"Say, Smith, have you met our new neighbor, Mr. Oldtimer, that bought the 'Park Valley Stock Farm'?"

"No, I have not had the pleasure of meeting the gentleman; what about him? I supposed he was one of those shrewd, wide-awake, up-to-date farmers that will learn us all something."

"Well, he may be shrewd and learn us all something, but he is about 75 years behind the times. His name is very suggestive—Old-timer."

"How is that Jones?"

"Well, you see, he is farming just like his father did. I asked him why he did not put his oats in with a disk, and put a harrow on them, and do as much work and better in one day than he would do in a week with that single shovel, and then take a crab-apple bush and brush them in. He said that was the way his father had done—it was good enough for father, it was good enough for mother, and it's good enough for me." He (Oldtimer) is breaking his ground with a 12-inch plow and a pair of oxen; will drop his corn by hand and cover it with a hoe. I asked him why he did not sell his oxen and get three mules, a 16-inch plow, a corn planter and a check rower. He said he would not have any of those things. "I farm like father." Going to cut his wheat with a cradle and bind it by hand; send his boy to the mill with the corn in one end of the sack and a rock in the other. Talk about Mossbacks, he is about the best subject that I ever heard of."

"Be careful, Mr. Jones, people that live in glass houses should not throw stones."

"Say, Smith, you don't mean to insult me?"

"My good neighbor, no, a thousand times no, but in some things you are as far behind the times as our new neighbor, Mr. Oldtimer."

"How is that?"

"You are going to paint your house again with Southern lead and oil; you have been doing that about every other year for a long time—inside and out—putting straw under your carpets. Why do you do that? The only answer you can give is the same one Mr. Oldtimer gave. Why don't you and every other good man use the same good horse sense about paint and painting as you do in other things? Buy the best. If you will buy white lead, don't buy anything but the 'Bavarian White Lead' it will cover more surface, last longer, will not chalk, rub off, and is cheaper than the trust lead. Bavarian lead is sold only by the La Crosse Lumber Co. But you make a mistake when you buy anything but the best Ready Mixed paint backed by a positive guarantee. It is the cheapest and the

best. No man can mix paint as well by hand as it can be done by machinery or as cheap."

"Good ready mixed paint will last longer and look better than lead and oil."

"That is just what Manager C. C. Wall has been telling me. Well, it is as true as gospel."

"Well, good neighbor, I thank you. I'll go to town to-morrow and buy my paint from the La Crosse Lumber Co. and get some of that enamel paint for the inside and that moth proof carpet felt for my wife's new carpet and some of that Rodger's floor stain for my parlor floor."

"Good, give me your hand neighbor, and may these good resolutions I have set in motion to-day bring forth much fruit. I am sure it will, and you and your good wife will have cause to thank me a thousand times as you admire your beautiful home painted, inside and outside, with the La Crosse Lumber Co.'s Ready Mixed Paint."

Married—in the Jonesburg Baptist church, March 15, 1905, Wm. L. Admire and Miss Catherine Campbell. Just as the clock was striking the noon hour, Miss Katie Henry, in her usual sweet style, began to play Lohengrin's wedding march, and the bridal party entered the church. The bride and her maid, Miss Lela Dryden, lead by Noah Palmer, step-father of the bride, entered one door, while the groom and his friend, Fleet Palmer, entered the opposite door, being preceded by the Rev. Samuel Eames. They met at the altar and were soon made husband and wife, in Bro. Eames brief and impressive ceremony. The bride is a very estimable young woman, and the groom a worthy young farmer. We join their many friends in wishing them a happy and useful voyage on Life's stream. The groom has a nice home near Winfield, Mo., where they will be at home after March 20.

The new town board had its first meeting Wednesday and organized by electing J. M. Davidson chairman and F. W. Clark clerk. The board also appointed C. S. Yates town marshal. A call was issued for a town election to be held the first Tuesday in April.—Bellflower Telegram.

H. F. Woodhead of St. Louis, is in town organizing a Library. Montgomery is in need of a good library, and as Mr. Woodhead's proposition seems to be a fair one, the people ought to take advantage of this opportunity. The library is to be placed in Cason's drug store, and all money paid in retained by him until books are on his shelves.

I have just received a fresh supply of Gunther's celebrated chocolates. Try them.
